

November is National Novel Writing Month (NaNoWriMo)!

This November, join thousands of people around the world in bashing out a 50,000+ word novel in just 30 days! It's free, it's fun, and it's for writers of any age/experience.

By participating, you'll receive the support of ChiWriMo, the local NaNoWriMo chapter devoted to helping overcaffeinated writers on a mission. We have online forums, local meet-ups to offer support and assistance, and two municipal liaisons (coordinators) to help you through the month of insane creativity.

Visit <http://www.nanowrimo.org> to learn more about NaNoWriMo or to register to participate.
